

THE HOME OF LONG DISTANCE PIGEON RACING

Wakefield Young Birds & Old Hens National

Young Bird Winner
Chris Maddison
of Boston

Old Hens Winner
P Basham
of Southampton

Firstly, thank you to all our marking station I/C's, markers and helpers for all your hard work this season. You are the first port of call for our members to be able to send and without you volunteering we wouldn't have the marking stations. Thank you also to Pat and Steve our convoyers for taking so much care with the birds and also Roger Hurst for making the call every race day to liberate.

Our final race from Wakefield was going together with the Central Southern Classic Flying Club. On board we have a combined total of just over 1000 young birds and old hens.

(Clive Merrills & Roger Hurst: Race Advisors) Liberation was at 8.30 in a strong Westerly breeze. The birds left the site without circling in one bunch.

There is a 35 to 45 mile sunny corridor for the birds to follow before the remainder of the route is forecast to be mostly cloudy skies with some sunny breaks, more as the day goes on. The wind is in the west at 10 mph. Visibility forecast is good to very good.

Many congratulations to our Young Bird and Old Hens Winners Chris Maddison and Paul Basham.

1st 2nd 3rd 4th 5th 6th 7th Open 1st 2nd 3rd 4th 5th 6th 7th Section E Chris Maddison (C & C Maddison) of Boston. I cannot ever remember being speechless, that changed when Clare Norman called to congratulate us on winning 1st Open BBC YB National. This was our first National race after family commitments hindered us being able to send to Berwick or Thurso. We race as C & C Maddison, a father and son partnership although my father isn't active day to day with the pigeons any longer he retains an involvement, helps when I go away and is always only a call away for any help that may be needed. He was instrumental in helping us get started in the sport, financing it and keeping me accountable as best he could. Any success we have in the sport, including this National win is dedicated to him for his willingness, tolerance and support through the years.

My children maintain an interest though in the sport especially at breeding time and enjoy helping with training and are generally helpful with any chores that need doing especially the younger ones who haven't discovered computer games yet.

We have kept pigeons continuously since 1998 but only started racing again in 2020 after a long break. Our racing last year was from a 6ftx4ft garden shed with a small team of young birds. We enjoyed the simplicity of this but knew that more would be needed, a 24ft x 8ft Blakes loft and full set up was purchased from Mark Burton at Louth and a 28ft x 8ft loft was built by a local shed builder. The 24ft loft has been used for the old bird team and the 28ft has been used for the young birds and stock birds. The old bird loft is set up for 16 cocks and 16 hens. The 28ft loft is set up as a 22ft young bird section for 40 young birds and a 6ft stock section.

We don't keep a huge amount of pigeons and have no wish to do so; we like to keep our numbers maintainable to what we can manage.

The winner of the National was bred by Russ and Denise Skinner of Boston and was in a group of 10 young birds we had this year.

His dam is a winning daughter of 'Champion Rheedeem' who is a multiple prize winner at club, Fed and NRCC including winning the NRCC old bird averages and £1000 nomination on his own in 2019. The National winners sire is a grandson of 'Foxy lady' who was raced by Prince brothers and is now at Syndicate lofts.

The 2nd open National pigeon was bred by James Harvey of Stoke. James had to unfortunately stop racing and offered his entire YB team on the Facebook pigeon chat group as gifts. Arrangements were promptly made to collect the birds and they have performed well for us throughout the season and several will feature high up on the National result.

His dam was bred by Roger Phillips from the lines of Mark Gilbert St Vincent national winner and Tarbes NFC winner

The sire was bred by Stuart Wilcox from the lines of Wilf Reeds NFC certificate of merit winner 'Darkie' when crossed with Mark Bullied 'Legacy' and 'Sgt Cecil' lines.

We are grateful to Russ, Denise and James for supplying us with quality young birds.

The young birds sent to the National had 6 races with the Peterborough fed up to Whitley Bay (154 miles) before being entered into the BBC and overall have performed consistently in the club and exceeding the expectations we had. The young birds are fed on VL Gerry plus with energy mix being fed on the last feed before the race. The birds are always fed to appetite. Product wise, spirulina powder with gemphax is used on the corn on the return from the race and naturline and Med tollyamin forte are used sparingly. Matrix and De Patagoon grit are always available. We have seen a notable improvement in our performances this young bird season, the main element we believe to this is using the local training service provided by local fancier Carl Upsall, this has allowed us to get good quality consistent training but has also made more time available to spend with the pigeons rather than rushing down the road before or after work.

I would like to congratulate all on the result, and thank Clare Norman and all at the Bovingdon marking station for making us feel so welcome and also the many friends who have taken the time to call or message.

Grace holding 1st Open

Ruby holding 1st Open, Grace with 2nd Open & Thomas

Old Bird Loft

8th 9th 13th 14th Open 1st 2nd Section J Bernie McDermott & Martin Jones of Stanford Le Hope. Firstly, we would like to congratulate C & C Maddison on having a very good race and winning 1st Open National. Our young birds are raced on the darkness system, our North road team are trained by Robbie Wilton with us training his south. Our 1st Section J winner was from a kit of six that we purchased from the Irish ace Wayne Doonan from his top Leo Hereman's blood lines, Wayne gave me one extra young bird as a gift maybe this was the pigeon, only Wayne would know that so thank you Wayne. Our 2nd Section winner is turning into a very good pigeon he as already won 1st Section from the previous BBC National race. This blue cock is from two gift pigeons the sire being bred by our good friends Robbie & Andrew Wilton of Chadwell from their top stock hen Duchess which is a daughter of Dutch my Master. The dam was bred by our good friend from Ireland Derek Walsh of Dynasty Lofts. The Wilton's and Derek Walsh have top top pigeons and we are very lucky to have been gifted top breeders from their best thanks lads.

Bernie McDermott & Martin Jones

Rob, Louie & Andrew Wilton

10th 11th & 12th Open 3rd 4th 5th Section J Rob & Andrew Wilton (D Wilton & Son) of Chadwell St Mary. Our first pigeon is a young hen, she's a daughter of our top Heremans Ceusters breeder "Golden Rossi". Our second timer is a blue cock son of our top Vandenabeele racer and breeder "Altior" and our third timer is a daughter of our 2013 BBC Young Bird National winner "Bullet". Well done to the winner and all in the result.

1st 2nd 3rd 4th 5th 6th & 7th Section D John Adams of Watford. Congratulations to the winners and also a big thank you to everyone involved with the BBC for all the hard work which has been put in this year. I had a fantastic race with seven birds in two minutes. First a chequer hen bred by Griffiths and Jewkins of Banwen, South Wales which has been a consistent young bird. Second a dark chequer cock bred from a son of Mark Gilbert's Southfield Sebastian 1st National Falaise and 1st National Agen when paired to a dark chequer hen, a gift bird from Billy Greenaway (Jeff Greenaway's Dad) from Northern Ireland.

Next up in Section D Terry Haley of Watford. This blue bar hen was bred by myself. Positions so far are 4th Club Wakefield last week beaten by two loft mates. She was my 2nd bird with the BBBC Ilkeston race 2 weeks previously, and 2nd Club Retford beaten by a loft mate for 1st prize.

The Sire was also 4th Section in the BICC as a young bird, plus many more positions and the Dam was 1st section in the BICC in 2019 plus many other prizes.

The blue Chequer cock was my second pigeon bred by Bill Edward & Pat Harris of Gosport one of 6 that I purchased in March to try out. He was timed in at 11.27.36.

Well done to John Adams who has been flying a terrific team of young birds this season on the North Road.

Bovingdon marking station have faired very well this season with 3 different Section winners and 2 separate Open winners all sending from here.

John Adams

Terry Haley and Pippa the dog

1st Section A Rob Jones & Jamie Wells (Bartlett, Jones & Wells) of Southampton. The Section winner is a lovely looking and power house handling chequer cock raced on Baby Hood a system formulated by myself and Rich Thomas from Portsmouth who I speak to most days as we keep other on the ball as it is very easy to forget simple things in pigeon racing.

He was bred by my good friend Billy Norman out of a pair of birds on loan from me as when I lend birds out I always like a young bird out of them and unfortunately the nest mate was taken by Percy the peregrine at Billy Norman's loft. The parents of them are Leo Heremans with the sire being a Grandson of the "OLYMPIAD 003" and the dam being a double Grand daughter of "BLAUWE LEO" the back bone of the Van den Bulcks family of pigeons. It is the first year breeding from the hen but the cock has previously bred multiple fed winners and breeder buyer winners for other fanciers.

The birds are fed my own mix of corn made up from corn from Naturel Granen & Vanrobaeys with P40 pellets and Homoform added at certain times of the week. In the water they get the Avioform products.

Road training is most days as due to Percy the peregrine my young birds don't go out around the loft after the first training toss.

The young cock is now called "WIND CHEATER" and has had 3 weeks of fantastic and hard races with the wind and odds mostly against him.

From 140 miles from the North he was one of 3 birds together to take 123 in the club and 13th 14th 16th in the Solent Fed 1,152 birds against the wind with a minimum of 15 miles west of the fed sending 95% of the birds.

Two days later he was 2nd Open 120 miles from the west a totally different direction in the Watchfield Breeder Buyer race winning over £2500.

Last week from 165 miles north he was one of 7 birds together taking 3rd 4th 5th 6th 7th 8th 9th in the Solent Fed 852 birds where my team of 7 birds dragged back a batch of around 40 home with them.

Then this week he was on his own taking 1st Open Classic and 1st Section A in the BBC against the wind being one of the most west flyers in the section.

We sent a team of 15 birds with 13 home on the day so very happy with the race. So 4 races in 3 weeks north and west.

Big thanks to Martin Attrill for taking my young birds to the Classic and BBC young bird races this year as this made my life so much easier as Thursdays is one of my busiest days of the week for me.

Jayne and Rich Thomas from Portsmouth and Rod Berry from the Lymington area for help with training my young birds this year when I can't take them myself.

Lee Fribbins from the RP magazine for his advice and doing my droppings and swab test after a disastrous start to the young bird racing. A highly recommended super fast service.

Jamie Wells, Rob Jones & Jamie-Joe

Wind Cheater

Winners of our first young bird race from Ilkeston and now **1st 2nd & 3rd Section G Vince, Sue & Jack Durrant of Godalming**. All 3 of our birds are bred from Steve and Paul Kulpa pigeons. We would like to congratulate all the winners on what was a good day's racing, and congratulations to all the admin team who once again provided a great race for all. We look forward to seeing you all in Bournemouth.

Vince, Jack & Sue Durrant

2nd 3rd 4th 5th 6th 7th 8th 9th 10th 11th Section A Jimmy Wearn & Erik Neilson of Ramsdean. Firstly I would like to congratulate our good friend Robbie Jones & Partners on topping the Section, and also Kevin & John Zerafa as John is not in the best health at the moment.

Our first bird was bred by Ian Gibbs of Ireland and is a grandson of their super breeding pigeon The Raven (this YB was joint first section from the first Central Southern Classic Ilkeston YB Race) and is one of a kit of young birds that Ian sent over for us to race.

Our next pigeons in the result were bred by Darren & Josh May, James & Peter Parker and Owen Markey of Ireland, we had excellent returns and hopefully next year we will be able to all race from France again.

Jimmy & Erik's 2nd Section A

Mr & Mrs Mike Smith

Next up in Section G Mr & Mrs Mike Smith of Guildford. My little chequer hen was my first arrival wasting no time on entry. The breeding sire is a Keith Mott dark chequer cock and the dam a Tumley bred hen bought at Terry Peart charity sale at Epsom.

On a lovely race day I had seven on the day and two next morning. Thanks to the committee for arranging this years race programme at short notice if sometimes a little sticky.

1st Section C Richard Whiteside of Bristol. Congratulations to all the winners and a special thanks to the convoyer and also the hard workers at the marking station.

My pigeon that topped Section C for me was a blue cock and it was only its fourth race of the season really showing to be a top pigeon for me.

First race Stratford upon Avon joint first beaten by loft mate, the following week sent to Ilkeston with the Classic 26th section then sent to second Stratford upon Avon joint 1st Club joint 1st Combine beaten by loft mate and now winning the section for me in the Classic and the BBC.

The sire of this pigeon is a direct son of Beauty Harry (image of Harry) Jan Hooymans, he's bred me lots of winners at top level, super cock.

The dam is a direct Daughter from "De Jonge Harry" X Daughter "Brenley"

C & G Koopman many winners from this hen.

I would like to say a great thanks to my partner Julie and Roger for all their help.

Julie of R & J Whiteside

Roger, Julie & Summer

2nd Section C Dave & John Staddon of Ditcheat. Firstly we would like to offer our congratulations to the race winners of the BBC and CSCFC and all the section winners. Sending only two pigeons to the race our young hen really had to battle the westerly wind to make home. She is now named Lady Jayne and has been a great hen already this season and was bred by our good friend Jayne Mitchell at TMP Breeding. She is from the Kurt & Raff Platteeuw family is from the lines of General and Cannibal. She has been raced to Stratford, Coventry & Coventry with the WOESRC and Ilkeston CSCFC where she 6th SW section against 214b and 187th Open 1,434b. She was also 2nd club Coventry beat on the trap by a loft mate, 8th club 41st WOESRC Coventry 1346b, and 1st Section C and 6th National BBC in the Ilkeston YB National 909b. She is now a double section winner as she has topped the SW Section with the CSCFC on this race. We got both of our entries on the day.

Dave & John Staddon

Danny Lanahan with daughter Hazel & John Gerard

1st 2nd & 3rd Section B Danny Lanahan of Poole. The first two pigeons I bought as part of a group of 10 pigeons from John Gerard. They are from Andre Paulssen & Son, Champion one day loft from Limburg. The 3rd pigeon bred by myself was an inbred pigeon of Zwarte Louders 1st National St Vincent 16,340 birds 600 miles on the day. The pigeons are raced on the natural system running all together with the old cocks and hens and are mostly on open hole with a couple of 50 mile trainers each week to keep them fit. It's been a great season flying north unfortunately with some tough lessons learnt which won't happen again. Well done to John and Dave Staddon winning the CSCFC SW section with a top pigeon.

Closely behind Danny in **Section B James Fulford of Salisbury.** I just want to start by saying how much I enjoy flying in British Barcelona Club and the Central Southern Classic as these are my main Clubs. I want to say a big thank you to Clare Nornan and all the organisers of these clubs as I really do appreciate all the hard work you guys do. So big thank you.

On that note I also want to thank the conveyor for transporting the birds my birds came back in great condition. I sent 16 birds and got 13 back on the day so I was really pleased with that.

My 4th section pigeon was a Jelle Jellema gift pigeon from John Halstead cross grandson of my Crazy John. One last thing well done to all the winners and every one who got their birds home.

Our second **Section E** member to time **Lourens Londt of Cannock.** My Blue Bar Hen. Her mother is my NFC young bird Section I winner. Her father is a lovely Blue Bar on loan to me from Mr Arthur Jones who won the BBC Elgin Open earlier this year.

James Fulford

Lourens Londt hen

OLD HENS REPORT

1st Open 1st Section A Paul Basham of Southampton. As if winning the CSCFC OH race wasn't great enough, to win the BBC OH also was a big surprise and I have named my double National winner 'Marathon Margi'. I ran the Southampton marathon last weekend, and I have the Brighton marathon tomorrow, (two marathons in two weekends!) both of which I am running for Pancreatic Cancer having lost my partner Ang's mum to this disease a few years ago. 'Margi' after Ang's mum.

This is the first season I have competed with OH's during the YB season as I am changing my system from widowhood to race roundabout next year so my team of hens have been unraced this season, then moved in to the YB loft and trained north with my YB's. My team of OH's also went to BBC Ilkeston where we scored 5th Open OH's. Marathon Margi's sire and dam were both bred by Geoff and Catherine Cooper. The sire is a son of Farmer George 1st International Bordeaux 22,029b x Wollongong 1st International Pau 8,527b. Dam is a DO Shiraz 3rd International Bordeaux 22,029b x Farm Ivy 1st International Hens St Vincent.

Marathon Margi

1st Section D 2nd Open John Adams of Watford. My first Old Hen is a yearling chequer bred from an unrung cock gifted to me from Mark Gilbert - Freddy Vandenheede Trigger Finger lines. The dam is a grand daughter of Southfield Supreme 1st International Dax.

1st Section G 3rd Open Paul Baker of Seaford. Well done to all participants of the race. Emily, which is a Grizzle hen, is a pigeon from Marriot lines from John Barnett, crossed with Dennis Ford Grizzle birds that I brought from Tumley Lofts. She has been south to Truro this year and then I turned her North to Berwick and then she raced a fortnight ago to Ilkeston, then this week to Wakefield. She has been consistent and I am really pleased with the way the birds as a whole have managed turning North this year with all that has been happening. My hen Martha's girl was my second hen this week and she was 2nd Section from Ilkeston, so yes very happy.

2nd Section A 4th Open Ben & Bruce Smith (Ben Smith & Father) of Southampton. First we congratulate Robbie Jones and Jamie Wells of Bartlett, Jones & Wells on winning the CSCFC young bird race from Wakefield, and to Paul Basham for winning the OH race.

This bird was bred from a pair of birds given to us from Keith Davidson of Holbury when he stopped keeping pigeons. This pigeon was last back from Ilkeston the week before, so we sent her to Wakefield as punishment. She got her revenge because I have had to have a shave and get my photo taken.

John Adams Hen

Paul Baker

Bruce Smith

5th & 8th Open Kevin & John Zerafa of Portsmouth. The hen that is provisionally 5th BBC is a direct daughter of our good hen 'Enigma'. She is the dam to 1st Open NFC Fougères and 1st Open BICC Bordeaux. Our second hen is the same hen we timed from the BBC Ilkeston Old Hens two weeks ago taking 6th Open and the CSCFC Ilkeston Old

Hens 1st SE Section 2nd Open. The sire “Yvette’s Decision” is owned by Steve & Yvette Harris and is the winner of 1st Open BICC Falaise National 2017. The dam is “Eastern Angel” our 1st Open NFC Fougères National winner from 2017.

Kevin and John Zerafa

Mother to;
1st Sec 1st Open NFC Fougères
1st Sec 1st Open BICC Bordeaux
Plus others in the top 50 Open Nationals
Owned by K & J Zerafa, Portsmouth

@Chris Sutton

6th Open Rod & Linda Rann & Son of Newport, IOW. I would like to congratulate Paul Basham on winning the Old Hens race, also C & C Maddison on winning the Young Bird race.

I would like to thank the CSCFC and BBC for organising a joint liberation from Wakefield as this was a good test for my young birds flying to my loft to 204 miles, which turned out to be a tougher race than expected but with good returns.

The hen that is 6th Open/ 4th Open CSCFC is a daughter of my BICC Falaise National winner. The hens were all widow hens in the old bird season staying at home waiting for the cocks arrival. After the old bird season they were all paired and allowed to have an open loft. Training was done with the young birds and the first three races sent as trainers with the Southampton South Road Fed, then Ilkeston with the CSCFC where they achieved 2nd and 4th Section 5th and 8th Open. They were then prepared for Ilkeston with the BBC where they were 1st and 2nd Open. I then gave them a week off to prepare for Wakefield where they were 6th Open. I feel the effort to race these hens has been rewarded and now gives me a better base to choose pairs for the following year.

Rod Rann

Jim Derbyshire

Steve Slade

7th Open Jim Derbyshire of Whitchurch. The breeding of my yearling hen is Brockamps bred by Carden Garrod of Whitchurch and gifted to me. The Brockamps originate from Mrs T Marshall & Son's Machine Family.

1st Section C 9th Open Steve Slade of Calne. First of all I'd like to congratulate the winners of the Wakefield race what turned out to be quite a sticky race.

My first bird has been very consistent this year as she was my second old hen in the Ilkeston old hens race with the Central Southern Classic, and she's bred from a cock kindly given to me by Joe Raeburn of Melksham, which has

bred some good pigeons, and the dam is champion Julie which she was a very good consistent pigeon, now at stock she is responsible for several section winners for myself and Tomasz of Melksham.

2nd Section G Mrs Karen Williams of Isfield. Well done to all the winners. This hen is a pure Frans Zwols, bred by myself from stock birds from John Cowlin of Formula 1 Lofts. She flew south last year and switched to north this year, this was her third race from the north. Thanks to all at the BBC and everyone at the Brighton Marking Station.

1st Section B Steve Travers of Poole. Congratulations to all winners. Our bird is a late bred from Year 20 - I did not breed any YB in year 20, only 2 late breeds in September. She is out of our Heinz family and has done well for us this year.

Thank you to my wife Lin for waiting for the birds until the call of AFC Bournemouth was too much, and then my friend Nick Pearse took over clocking duties.

Karen Williams

Steve Travers

2nd & 3rd Section C Eric Davis of Marlborough. I would like to congratulate all Section and Open winners. The bird I was 2nd Section with is a daughter out of my Section winner in 2018 and is a Soontjen. My 3rd Section winner is a Vandenabeele.

2nd Section D Leon Hall of Oxford. I would like to congratulate all the winners in this race.

My first old hen is bred down from the combine cock bred and raced by my very good friends Mr and Mrs D Adams of Canterbury in Kent who have bred me some fantastic pigeons over the years. I would like to thank them for all their help. All my birds are flown on the natural and she was sent sitting 10 days.

This will be my last race flying as Leon Hall of Oxford, and I would like to take this opportunity to wish you all the very best in 2022 as I will be selling all of my birds in the next few months winners and breeders included, as I am going to start a new venture. I am going to start a One Loft Race the name will be OXFORD "SUPREME" ONE LOFT RACE more information will follow, thanks Leon.

Eric Davis

Leon Hall

Convoyers Report

Thursday 9 September: Finished loading at Southampton 3.45pm. Got to Ilkeston 7.15pm. Put lights on in back of Transporter and gave birds a very light feed and water.

Friday 10 September: Got up at 5.30am and left Ilkeston at 6.30am. Got to Wakefield at 8am. Put water on birds straightaway and gave birds half feed at 9am. Water was in front of birds all day and gave another half feed at 3pm. Phoned Clive Merrills (Race Adviser) at 7pm to talk about a Saturday Lib.

Saturday 11 September: Up at 6.30am topped up water. Phoned Clive at 7.50am, told him it was looking good on site. He said to phone back at 8.15am, but to have everything ready for a lib. Called back at 8.15am and told him we had broken blue skies and sunshine and Clive said to Liberate when we like.

Birds Liberated at 8.30am into broken blue skies and sunshine and a strong West wind high up. Birds left site in one batch heading South West.

On a personal note Pat and I would like to thank everyone who helped at the marking stations throughout the season. From my point of view, particularly the team at Frome headed by Alan and Sue Thompson with assistance from Marg and Lawrence Cowley, Anner Smith, Andy Parsons, Nick Smith and Lord Lucan (when he turned up).

Telephone & Website verifications only which may be subject to change
